Inter-Club Challenge 2016

This year Blacktown entered 4 teams in the Interclub Challenge

.....and the winners were

First Place - The Wicked Fleas - M. Foord, M. Garnham, P. Bailey, M. Bailey

Well done to all who competed, you were all sensational !

PRESIDENT'S REPORT

Our Annual General Meeting was held on Wednesday, 10th August, 2016 and it was nice to see some new faces come along and support the Club. Congratulations to all those members who stood and were successful in filling positions in the club. We would like to welcome Allen Hall as our new Publicity Officer. I would like to take this opportunity to thank Gilbert Ings (outgoing publicity officer) for his contribution to the club in the last twelve months. I would like to congratulate Jan Baker for being nominated and elected as a Life Member of Blacktown Kennel & Training Club Inc.

Our Secretary, Mrs. Heather Hanly and myself have been composing a letter to send to all our Councillors of Blacktown City Council, explaining to them that we need to find a new location for Blacktown Kennel & Training Club Inc. to hold their training classes on Tuesday and Wednesday nights as well as our two Championship Shows, two Obedience Trials and two Rally O Trials, when the Animal Holding Facility comes onto our grounds. I have also arranged for an urgent meeting with the State & Federal Ministers associated with losing the main part of our training grounds. I urge all members to ring the Councillors in their ward to

express their disappointment of our grounds being taken over.

I would also like to thank the members for their support for allowing me to stand as President for another twelve months.

We have an Obedience Trial and two Rally O Trials coming up on Saturday, 17th and Sunday, 18th September, 2016 and we are looking for members to help on the catering stall, as well as stewards for the rings at the Trials. If you can help, please let us know. Lunch will be provided for all helpers.

Regards,
Ron Probert

Update on the Relocation of the BAHF and the effect on Blacktown Kennel and Dog Training Club

Blacktown Council is now in "*caretaker mode*" due to the September elections. No action will be taken until there is a new Council. The President has been assured, definitively by the Mayor, that we will be involved in ongoing discussions with the new Council. No firm decision has been taken at this time that the Club will be relocated.

InterClub Challenge - Celebrating Success - The Winners - Blacktown !

The 23rd InterClub Challenge was held at Glendenning on 23rd July. The day was lovely and sunny but a very strong, very cold wind made competing a bit difficult. However all the teams made the best of it and it was a great day.

Thirteen clubs entered and there were 23 teams in total. All the teams from Blacktown competed very well and first place went to The Wicked Fleas !

First Place - The Wicked Fleas - M. Foord, M. Garnham, P. Bailey, M. Bailey - (plus a fluffy little ring-in)

Huge Congratulations to all of you - very well done

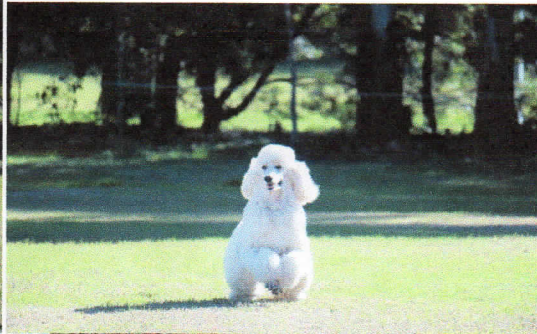

Also congratulations to all of our teams

4th - House Broken - T. Dive, G. Rowell, M. Foord, M. Bailey, K. Minton

6th - You had me at Woof - L. Amos, T. Dive, S. Thompson, M. Frost, K. Long

11th - Dog On It - D. Thompson, M. Garnham, S. Guthrie, D. Sheehy, M. Bailey

Instructor of the Month

Instructor of the month is Denise Fraser the instructor for Blue class. She has been training dogs for 13 years. She was inspired to start training by her Lab, who just needed to be taught some manners. Denise now breeds and trials Aussie Shepherds. At present she is trailing with an 11 year old in Rally O and with her younger dog Misty who is now working in Novice in Obedience Trials. Denise volunteers as an instructor because she enjoys working with people and helping them learn to handle their dogs. She likes breaking up the lessons with a bit of jumping, basic Rally O and the occasional race. Thank you Denise for donating your time and experience, Blue Class is informative and **fun** !

On the Grounds

Meet Sammy, a beautiful Cavalier King Charles Spaniel who comes on Tuesday nights with his owner Leanne. Sammy and Leanne joined the club four years ago and they are now in Blue Class. Sammy has mastered most of his skills however Leanne reports that he is best at "sitting" and is most stubborn when it comes to "standing", but what Sammy loves most of all is cuddling with his Mum and Dad.

Tuesday Night Ground Rules

- Please ensure you have a suitable collar and lead for your dog when attending training. Check with your Instructor, or with Canteen staff. They are there to help you.
- Dogs must be kept on a lead at all times unless your Instructor requires otherwise. This is for your safety, as well as others.
- Please clean up after your dog. Keep one or two doggy bags in your pocket just in case. Doggy bags can be obtained at the canteen.
- Keep the ground equipment clean. Make sure your dog does not urinate on the "witches hats" used for class assembly at commencement of training.
- Bitches in season are NOT allowed on the grounds. Please leave the girls at home for the duration of the season as it upsets the male dogs

Show and Trial Results

Well Done Quincy and Summer

Owned and handled by Marion Garnham Ch. O.B. Ch Branbern Quincy was awarded his title of Obedience Champion at the Western Suburbs Obedience Trial under Judge Jill Kaldor. Quincy took first place with a score of 186 pts !

Marion has been very busy because her Branbern Summer Breeze CCD gained her second pass in Novice at the Mudgee and District Obedience Trial. Summer was also first in her ring with a score of 188 pts !

Marion is one of our instructors in Yellow class, and we are very lucky to have her, and her expertise..

Dog's Bedtime Prayer

Now I lay me down to sleep,
 The king-sized bed is soft and deep.
 I sleep right in the center groove.
 My human beings can hardly move.
 I've trapped their legs, they're
 tucked in tight,
 And here is where I pass the night.

No one disturbs me or dares intrude,
 Til morning comes and "I want food!"
 I sneak up slowly to begin,
 And nibble on my human's chin.
 For morning's here, it's time to play,
 I always seem to get my way.

So thank you Lord, for giving me,
 This human person that I see.
 The one who hugs me and holds me tight,
 And shares their bed with me at night.
Amen!

New Life Member - Jan Baker

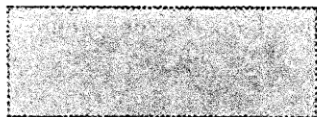

At our recent Annual General Meeting it was unanimously agreed to award Jan Baker a life membership of the Club. Jan has been our Chief Instructor for many years, and only recently retired from that position. She has put an enormous amount of energy into ensuring that our Club was the best it could be and we thank her very much for her dedication. You are not being allowed to disappear though Jan - where would we be without your dancing (YMCA is the best), humour and Elvis impressions at our parties.

We wish her continued success in her great work with German Shepherd Rescue .

BLACKTOWN OBEDIENCE & 2 RALLY O TRIALS SATURDAY 17th & SUNDAY 18th SEPTEMBER, 2016.

We are looking for members who can come along and help on either day, either on the BBQ stall or stewarding in the rings. So please come and see Ron or Jan in the canteen, and let us know if you can help. Lunch will be provided for all helpers on both days.

Common Pet Toxins

Chocolate

Toxin: Theobromine and caffeine.

The more cocoa that is in the chocolate, the more toxic it is. Cooking chocolate is seven times more toxic than milk chocolate.

Symptoms: Seen within hours of ingestion - excitability, fast heart rate, tremoring, vomiting, diarrhoea, seizures and death.

Recommendation: Seek veterinary attention immediately.

Yeast Dough

Toxin: Ethanol - heat causes dough to expand in the stomach and the process produces alcohol.

Symptoms: Include abdominal pain, bloating of the abdomen, difficulty walking, depression, coma and possible death.

Recommendation: Seek veterinary attention immediately.

Onion and garlic

Toxin: Disulfides.

Symptoms: Due to damage to the red blood cells - may be seen within 24 hours to several days after ingestion. Include pale gums, fast heart rate, rapid breathing, depression, weakness, red coloured urine, vomiting and diarrhoea.

Recommendation: Seek veterinary attention for supportive care.

Chewing Gum

Toxin: Xylitol.

Symptoms: Seen within 30 minutes to 12 hours from ingestion. Include vomiting, depression, difficulty standing or walking, seizures and possible liver failure.

Recommendation: Seek veterinary attention immediately.

Macadamia Nuts

Toxin: Unknown toxic compound.

Symptoms: Seen within 12 hours of ingestion. Include weakness, depression, vomiting, tremoring, pain, inability to stand up and pale gum colour. Symptoms will disappear within 2 days without treatment.

Recommendation: Seek veterinary attention for supportive care.

Lilies

Toxin: Unknown toxic compound in Lilium and Hemerocallis spp. The entire plant is toxic. Cats are exceptionally susceptible to toxicity.

Symptoms: Include vomiting (often contains pieces of lily) and signs associated with kidney failure including disinterest in food, depression, vomiting, and no urination.

Recommendation: Seek veterinary attention immediately.

Grapes, Raisins, Sultanas

Toxin: Unknown toxic compound.

Symptoms: Include depression, vomiting, disinterest in food, pain, diarrhoea, increased drinking or urination. Signs are due to kidney failure.

Recommendation: Seek veterinary attention immediately.

Wild Mushroom

Toxin: Unknown toxic compound.

Symptoms: Include depression, abdominal pain, nausea, vomiting, diarrhoea, drooling, increased tear production, poor coordination, inappropriate toileting and collapse. In severe cases toxicity can lead to liver failure, kidney failure and death.

Recommendation: Seek veterinary attention immediately.

Paracetamol

Toxin: Paracetamol - cats are more sensitive to the medication.

Symptoms: Include blue coloured gums, breathing difficulty, swelling of the face, depression, vomiting, weakness, coma and death.

Recommendation: Seek veterinary attention immediately.

Aspirin

Symptoms: Seen within 4-6 hours to several days after ingestion. Include depression, vomiting with or without blood, disinterest in food, rapid breathing, weakness, seizures, coma and death. Toxicity may lead to liver and kidney failure.

Recommendation: Seek veterinary attention immediately.

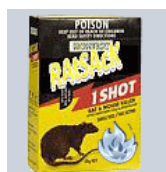

Snail Pellets

Toxin: Methaldehyde, Methiocarb or iron EDTA.

Symptoms: Include depression, drooling, poor coordination, vomiting with or without blood, diarrhoea, passing black or bloody stool, rapid heart rate, rapid breathing, muscle tremors, seizures and death. Toxicity may also cause liver failure. Even products claiming to be "pet safe" can be toxic.

Recommendation: Seek veterinary attention immediately.

Rat Poison

Toxin: Various - most commonly brodifacoums, bromadiolones, diphacinones, diphenadiones, chlorphacinones, valones, pidones,

warfarin and coumarin.

Symptoms: Seen 1 to 7 days after ingestion. Include lack of interest in food, coughing, depression, weakness, pale gums, black tarry stool, a bloody nose, vomiting blood, urinating blood, bleeding from the gums, breathing difficulty, lameness or excessive bleeding from wounds.

Recommendation: Seek veterinary attention immediately.

Cigarettes

Toxin: Nicotine.

Symptoms: Usually within 15-45 minutes of ingestion. Include excitation, fast breathing, drooling, vomiting, diarrhoea, twitching, depression, a fast heart rate, shallow breathing and can progress to collapse, coma and death.

Recommendation: Seek veterinary attention immediately.

Flea Products

Toxin: Various - carbamate, organophosphate, pyrethroids, ivermectin, milbemycins.

Cats are especially sensitive to some products; dog products should never be used on a cat.

Symptoms: Include breathing difficulty, increased tear production, drooling, vomiting, tremors, seizures, weakness, poor coordination, mental alteration, breathing problems and death.

Recommendation: Seek veterinary attention immediately.

Mothballs

Toxin: Naphthalene.

Symptoms: Include vomiting, pale gums, fast heart rate, rapid breathing, depression, weakness, red coloured urine and seizures. Severe toxicity can cause liver and kidney failure.

Recommendation: Seek veterinary attention immediately.

Anti-freeze

Toxin: Ethylene glycol.

Symptoms: Seen 30 minutes to 3 days after ingestion. Include nausea, vomiting, depression, poor coordination, seizures, diarrhoea, dehydration, coma and death. Symptoms are due to kidney failure.

Recommendation: Seek veterinary attention immediately.
