What an amazing weekend !

September 22nd - our Obedience Trial

September 23rd - our double Rally O
Trial - and it was a monster- more
competitors than ever before !

Thank you to everyone who worked so
hard to make it a success, Judges,

in so many ways.

Of course, also a big thank you to the

worthwhile

PRESIDENTS REPORT – SEPTEMBER, 2018.

Firstly, I would like to thank Linda Olsen for being President for the past twelve months. You have done an outstanding job.

I would like to thank the Committee for all the hard work they have done and restanding and working with me for the next twelve months.

Our Obedience Trial & double Rally O Trials was a great success over the weekend of the 22nd & 23rd September, 2018. I would like to take this opportunity to thank all of those members for their help in setting up the rings and stewarding over the weekend. Your help was very much appreciated. We couldn't run these Trials without your help.

The next event will be the Pet Fest to be held at Francis Park, on the 7th October, 2018, where our club will be holding Obedience demonstrations for the public.

Work on the new Animal Holding Facility to be erected on our grounds, is on hold at present as Council is trying to obtain more funding from the Government. This could take some time as this project is to be funded by other local Governments also, who will use the facility as well.

I would also like to take this opportunity to congratulate the election of two new Life members, Pat Bailey & Maryanne Fazekas who have been members of this club for many years and have both been Chief Instructors in the past for quite a long period of time.

Ron Probert
President

Peanut Butter & Banana Dog Ice Cream Recipe

INGREDIENTS

3-4 ripe bananas

32 ounces plain yogurt (lowfat)

1 cup peanut butter

The ice cream just takes a minute to make. Toss the bananas, peanut butter, and yogurt into a blender and blend until it's mixed.

Next, pour the mixture into ice trays. Freeze. You'll need about five or six ice trays for this amount.

Dog Agility

The aim of the agility competition is for a handler to direct their dog around a course of different obstacles to assess and enhance their intelligence and ability. It is an educational and sporting activity intended to improve the dog's integration into society.

Dog Agility competitions are held around Australia . Most weekends Agility Trials happen and offer classes of the various levels of difficulty from Novice to Masters. Courses are set by the Agility Judges and no two courses are ever the same. Dog Agility is a sport open to all dogs, and it is the fastest growing of the dog sports. Most breeds, from Toys like a Chihuahua to Giant Breeds, like a Great Dane, could be suitable for agility.

Agility is fun sport for dogs and handlers to get fit together. Dogs are required to learn fun obstacles such as hoops, tunnels, weaving poles, scramble, dog walk, table, see saw and jumps.

Obstacle jump heights are suited to the dogs, jumps at 200 mm, 300mm, 400mm, 500 mm or 600mm based on the height of the dog at the withers.

Be aware that a few breeds may not be suitable for agility and it may be advisable they become spectators rather than participants. It is also advisable not to train overweight dogs or dogs with joint problems without consulting your vet first.

Agility training is specialized and offered by select affiliated Clubs. Agility training is through Agility Clubs (specialist) and then some of the Obedience and Training Clubs offer classes as well. Some affiliated Clubs require dogs to have completed basic obedience training before agility training can commence. Other Clubs will train dogs without any prior obedience training.

Puppies could start from eight months of age when their joints and bodies are fully developed. Fit adult dogs can commence training at any age.

Some handlers and dogs may only decide to come to training for the fun of it all.....while the serious teams can move into the competition arena at 18 months of age.

- Please ensure you have a suitable collar and lead for your dog when attending training. Check with your Instructor, or with Canteen staff. They are there to help you.
- Dogs must be kept on a lead at all times unless your Instructor requires otherwise. This is for your safety, as well as others.
- Please clean up after your dog. Keep one or two doggy bags in your pocket just in case. Doggy bags can be obtained at the canteen.
- Keep the ground equipment clean. Make sure your dog does not urinate on the "witches hats" used for class assembly at commencement of training.
- Bitches in season are NOT allowed on the grounds. Please leave the girls at home for the duration of the season as it upsets the male dogs
- Bitches in whelp (pregnant) are not allowed to participate in classes

PARALYSIS TICKS

The main tick of concern for pet owners is the Paralysis Tick (*Ixodes holocyclus*) as it can cause paralysis and death within 4 days of attachment.

Signs of Tick Paralysis:

- Vomiting, retching or gagging
- Excessive drooling
- Weak & unsteady (drunk like)
- Difficulty breathing
- Raspy or quiet bark/meow

If your pet starts to display any signs of tick paralysis seek immediate veterinary attention as this can be a genuine veterinary emergency.

If your pet is showing any signs, do not offer food or water as these may be accidentally inhaled in tick-affected pets.

If you notice a tick on a pet remove the tick straight away.

No tick prevention is 100% effective and should always be used in combination with daily searches of your pet.

It is usually found in a 20-kilometre wide band following the eastern coastline of Australia
