We have been promised completion by the end of May 2022. Local Counsellor Bob Fitzgerald has been a strong supporter of our cause. His help along with my discussion with the Mayor, the Petition and my attendance at a Council meeting have raised our profile and ensured things have begun to move. I continue to have weekly contact with Council officers to keep things moving.

I do thank each and every one of you for your patience and look forward to seeing more of you return over the next few weeks. Your help with the petition was an enormous boost to the cause. Remember to rug up a as you return to training and wear waterproof shoes as it is getting cold on the grounds and damp underfoot.

A big thank you to those who joined in March for your patience. We thought we would have you training in March and April but welcome now. It has been good to get you started.

I look forward to seeing members at the June general Meeting and hopefully seeing many of you at our June trial.

Denise President, BKTC
